**AFSCME 2020: NEVER STRONGER****1 WHEREAS:**

2 The health care and economic crises created by the COVID-19 pandemic have placed  
3 enormous stress on government at all levels. Due to the failure of President Trump and the GOP  
4 Senate majority to act, state and local governments and school districts lack the resources to provide  
5 vital services to the public and safely reopen our economy. Despite heroic efforts by AFSCME  
6 members during these health and economic crises, many of them may be thanked with a “pink slip.”  
7 As of August 1, 2020, three times as many public workers have lost their jobs in 2020 as were laid  
8 off during the entire Great Recession; and

**9 WHEREAS:**

10 AFSCME’s “Fund the Front Lines” campaign has been at the forefront of the effort to obtain  
11 sufficient fiscal assistance for state and local governments and relief for affected workers. AFSCME  
12 members have made 100,000 contacts with members of Congress as part of the campaign. In addition,  
13 we have garnered significant media attention as we pressed our case; and

**14 WHEREAS:**

15 AFSCME’s engaged and active membership provides our union with the capacity to run  
16 effective campaigns such as “Fund the Front Lines,” and to win workers’ rights. AFSCME’s recent  
17 victories in California, Nevada and Virginia stem from the exercise of our members’ political power.  
18 But because we cannot always do it alone, we work to build strong relationships with allies within  
19 and outside the labor movement, and these partnerships produce enduring success; and

**20 WHEREAS:**

21 AFSCME honors our legacy by fighting to make it easier for working people to vote. We  
22 oppose voter suppression, challenge gerrymandering, repudiate partisan purging of voter rolls, resist  
23 the closing of polling places in Black and Hispanic communities and battle the imposition of overly  
24 strict voter ID requirements that are shown to disenfranchise voters of color; and

**25 WHEREAS:**

26 One of the biggest threats to voting is President Trump’s unconstitutional interference with  
27 the 2020 Census to exclude noncitizens in apportioning congressional districts; and

 Committee  
Assignment \_\_\_\_\_

 Committee  
Recommendation \_\_\_\_\_

 Convention  
Action \_\_\_\_\_

28 **WHEREAS:**

29           The 2020 federal, state and municipal elections are a crucial opportunity to elect worker  
30 friendly candidates who share our values of restoring economic fairness, expanding collective  
31 bargaining and addressing critical issues in health care, racial justice and public service.

32 **THEREFORE BE IT RESOLVED:**

33           That AFSCME and its affiliates will continue to advocate fiercely for our front-line heroes by  
34 fighting for substantial and direct federal assistance to state and local governments so they can  
35 maintain services in the face of the public health and economic crises. Federal assistance must be  
36 sufficient to meet the large revenue shortfalls caused by the public health crisis and resulting  
37 economic downturn and should be equitably allocated to each state, Washington, DC, territories and  
38 local governments. It also must include the resources and measures necessary to ensure front-line  
39 workers have access to the PPE and other tools needed to cope with the COVID-19 pandemic; and

40 **BE IT FURTHER RESOLVED:**

41           That AFSCME will continue its efforts to elect pro-worker majorities in Congress, state  
42 capitals, cities, counties and school boards, which have significant influence on public employees'  
43 workplace rights. We will elect a pro-worker President and governors and mayors who share our  
44 values. AFSCME will continue to press those elected officials to deliver on the promise of greater  
45 workplace rights once in office; and

46 **BE IT FURTHER RESOLVED:**

47           That AFSCME will continue to emphasize recruitment of members into our PEOPLE  
48 program to ensure we have the resources necessary to fight for our rights and realize our goals.  
49 AFSCME affiliates renew their commitment to growing the number of PEOPLE MVPs by 1% or  
50 more every year, and PEOPLE fundraising will be integrated into all of our work; and

51 **BE IT FURTHER RESOLVED:**

52           That AFSCME will continue to utilize and improve upon our hybrid political-organizing  
53 model that has proven so successful. AFSCME will deploy new and better ways to communicate with  
54 members and make effective use of digital technology and social media. We will continue our  
55 investment in data and analytics to increase the effectiveness of our political program; and

56 **BE IT FURTHER RESOLVED:**

57           That AFSCME will join together with our allies in the civil rights community to protect and  
58 defend voting rights, and will work to secure enactment of H.R. 4, the John Lewis Voting Rights Act;  
59 and

60 **BE IT FINALLY RESOLVED:**

61 That AFSCME supports efforts by our allies in the civil rights and civil liberties community,  
62 state attorneys general and the U.S. House of Representatives to protect the 2020 Census from  
63 unconstitutional, partisan and racially biased interference by the Trump administration.
